

Residents of Spring Lake may be eligible to have the Borough plant a free tree in the Right of Way between their curbs and sidewalks!

If you are interested, please fill out and return this form before **November 30, 2026**, to see if you qualify for a free tree to be planted in the spring of 2027.

Please provide the information requested below and return this form to the Spring Lake Municipal Office at 423 Warren Avenue, Spring Lake, NJ 07762.

Date: _____

Applicant/Owner: _____

Home Phone: _____ Cell Phone: _____

Email Address: _____

Street Address: _____

Winter Mailing Address (if applicable): _____

Number of Trees Requested: _____

Comments or Questions:

Requests for free ROW trees are accepted on an on-going basis; however, the deadline for the annual spring planting is the preceding November 30th. The Borough's Department of Public Works (DPW) crew will evaluate your site for width of your ROW, overhead wires, signs, fire hydrants, proximity to street corners and driveways, etc., prior to approving a tree request. DPW will also help in selecting the most appropriate tree variety for your location. Trees are usually planted mid-April to mid-May.

I have read the care and maintenance instructions -- "Watering Guidelines for New ROW Trees" and "Mulching Guidelines For New ROW Trees" -- located on the Borough website. I agree to follow the instructions and to adequately care for my new tree(s).
